Dear BoS members,

This is to inform you that we need to update the syllabus of the IT department (4th year) to accommodate the inclusion of a new open elective II "INFO4122: Machine Learning" in the open elective II basket in the 7th semester. We have also modified the syllabus of "INFO 4241: Soft Computing" which is currently present as one of the professional elective V subjects in 8th semester to avoid the overlapping of topics in the syllabi of Data Analytics, Machine Learning and Soft Computing.

I am therefore sending you the new syllabus for Machine learning and the modified syllabus of Soft Computing for your reference.

I would like to hold an **online Board of Studies meeting of the IT Department** for this purpose on **14th September, 2021 from 4:30 p.m**.
I would request you to kindly confirm your availability. I will then share the google meet link with you.

The agenda of the meeting is as follows.
1. Finalization of the new syllabus for INFO 4122: Machine Learning
2. Finalization of the modified syllabus for INFO 4241: Soft Computing

With regards,
--
Siuli Roy
Professor and Head, Department of Information Technology
Heritage Institute of Technology

Compiled Report of the Exit interview of the Final Year B.Tech, M.Tech. and MCA Students (Pass out batch of 2021) of The Heritage Institute of Technology, Kolkata

Final year B.Tech., M.Tech, and MCA students of Heritage Institute of Technology responded to the exit interview survey that happened in the last week of July'21, through Google form. Total 185 B.Tech., 14 M.Tech and 19 MCA students have shared about their overall experience of the college in the form. Their feedback about college is briefly mentioned below.

Questions	Very much	Moderately	Not at all
Did you have adequate access to faculty members and lab assistants for understanding the course?	128	85	5
Was your mentor or any faculty member from your department accessible to you whenever you needed their help?	127	80	11
Did you get enough support and guidance from the college regarding your career and job prospect?	65	114	39
Did you get placement from college?	Yes-119, No-99		
Did the lab facility offered during the course was sufficient to help in your studies?	103	101	14
Did the college provide you with enough opportunity and guidance for personality development/soft skill development?	88	109	21
Personal achievement areas	Yes, Very Much	Yes, Moderate	No, Not at all
Are you satisfied with your abilities to function in multidisciplinary teams?	101	105	12
Do you think you have proper understandings of professional and ethical responsibilities?	137	79	2
Do you think that you have the ability to communicate effectively with others?	142	73	3
How much knowledge you have about contemporary issues?	62	149	7

The students have also mentioned that overall they are satisfied with the overall infrastructure of the college along with the teaching learning process. Some of them have also mentioned that as seniors they would certainly try to contribute their experiences and learning to the betterment of their juniors in the college.
