## Message from Chairman, Kalyan Bharti Trust

At Heritage, we put stress on the practical applications of knowledge so as to make the students ready for the Industry. During this time, amidst the Covid-19 pandemic, we have organized various industry oriented webinars, online events and many more to give the students the right knowledge which will prepare them for the future. I feel proud to state that once again The Heritage School & Heritage Institute of Technology (HITK) were ranked # 1 Co-ed Day Boarding School & Private Engineering College in West Bengal respectively in the Education World School & Higher Education Rankings 2021. Moreover Heritage Business School (HBS) was ranked #1 B-School in West Bengal with an All India Rank # 39 in the Education World B-Schools Ranking 2021. On the other hand, The Heritage College (THC) topped the State in the Education World Higher Education Ranking Survey 2021 bagging a #7 rank in the Country.

During this time, The Heritage School (THS) as well as Heritage Institute of Technology (HITK) organized its 20th Foundation Day completing 20 years of excellence in School and Higher Education.

All these events would not have been possible without the efforts of our faculty, staff, alumni, parents and well-wishers. I thank my fellow trustee members for supporting us in this noble cause. In future we are planning to establish a Design Institute, a Medical College and finally a University.

Wish you a *Happy New Year 2022*

### एतद्विद्या कोविद्वत्सु कीर्तिवति

Education is a process of betterness of body, mind and spirit. It provides the true education and purpose of human life as process of evolution from Prayas to Prayas i.e. from the Lower Self to Higher Self and from ignorance to knowledge. The knowledge that is contained in our immortal scriptures help a human being find a way to ultimate enlightenment, success and freedom.

The precepts of Shrimad Bhagwat Gita and other Indian scriptures are globally respected. World famous academic institutions like Harvard, Stanford & Oxford conceive their principles.

Heritage Group of Institutions is a leading institute in impart knowledge that transcends the boundary of religion and work and creates future leaders of the country who can contribute socially, morally, scientifically, aesthetically and spiritually. The verses on each page bring forth the Indian wisdom of the land that we call Bharat - Our Motherland.
