

Chairman's Message

Warm Greetings to all the members of the Heritage family.

As India steps into the 70th year of her Independence we can both look back and look forward with a sense of deja vu. Besides being one of the stable democracies, our progress on many segments of socio-economic landscape has made us confident to carry things forward in our pursuit of becoming a formidable global power in the near future. But, at the same time, there are areas where we have to focus on with dedicated mindset to make things happen for the better. The list includes, among others, public health & hygiene, sanitation, gender discrimination, poverty, energy and education where we have to work tirelessly to keep improving till we stand on an equal footing with the leading nations.

In this historic year, we at Heritage, have more than one good reason to celebrate. 15 years back in 2001, we put our first humble step in the education mosaic of the country, especially in West Bengal with The Heritage School and Heritage

Institute of Technology close on the heels in the same year, thus completing 15 years of an illuminating journey.

While we successfully organized a Principals' Conclave to mark the special year of the School the special way, HIT-K will celebrate the milestone occasion befittingly.

Moreover, in keeping with our quest for excellence in

education, we have started The Heritage College, on August 3, 2016, offering General Honours Degree Courses in Arts, Science and Commerce, affiliated to the University of Calcutta. Also, we have introduced both UG and PG in Media Sciences under the aegis of The Heritage Academy, with a mission to prepare well rounded professionals for the challenging world of media. Plans are also afoot for commencing B.Ed and M.Ed programmes, besides setting up a Medical College and a Design Institute.

Coming back to time now, I must congratulate our students of The Heritage School (THS) who have performed truly well in ICSE and ISC exams in 2016.

For all these, credit should go to the relentless endeavours of all the stakeholders, staff and our faculty members. I am proud of them and wish them all the best for the future.

Thank you for being with us throughout this journey.

Shri H.K. Chaudhary

THE HERITAGE COLLEGE BEGINS WITH A MISSION ON 3 AUGUST 2016

From R to L- Shri V. Swarup, Dr. John Abraham, Prof. Ashutosh Ghosh, Dr. Partha Chatterjee Hon'ble Minister who is lighting the lamp, Shri H K Chaudhary and Shri Sajjan Bhajanka in the inauguration ceremony

Kalyan Bharti Trust has once again lived up to its reputation of a game-changer by setting up a General Degree College with a mission to impart truly quality education to meet a long felt need. Named as The Heritage College, it was inaugurated by Dr. Partha Chatterjee, Hon'ble Minister-in-Charge, Education & Parliamentary Affairs who graced the occasion as the Chief Guest. Speaking on the occasion he emphatically mentioned, "I remember, last year, on 24 August, 2015, I announced from this podium that a Degree College of the national standard be established in this State. The Heritage Group has also taken up the challenge and today, I feel proud to inaugurate The Heritage College, an initiative of Kalyan Bharti Trust." Words of inspiration like these will enable the College to

move in the direction he indicated. Congratulating the members of the Trust for achieving exemplary growth in a span of only 15 years he also remarked, "The educational initiatives of the Heritage Group of Institutions are encouraging in the areas of School, Engineering, Management, Law and Degree College. Government of West Bengal will continuously encourage such initiatives ... to facilitate quality higher Education in the State." Dr. Asutosh Ghosh, Vice Chancellor, University of Calcutta praising the initiative that was in perfect harmony with the Governmental thrust, said, "The Government is trying to expand the scope of education but it cannot do it alone. Private Sector has to come forward and help." Shri H.K. Chaudhary, Chairman, Kalyan Bharti Trust, expressing sincere gratitude to Dr. Partha Chatterjee and

A section of audience with distinguished guests

Trustees, guests and invitees listening to the speakers with rapt attention

Dr. Asutosh Ghosh for their encouragement and pledged support towards the trust's multi-disciplinary initiatives for developing a world class comprehensive academic infrastructure, candidly narrated the journey of KBT since its inception. He said, "The need for a college to study Liberal Arts, Commerce and fundamental Science was being felt for the benefit of the young talents of the State. By God's grace the dream is being translated today by opening the Heritage College. The Trust would provide and create adequate facilities conducive to transformative learning for the students enrolled in the College."

Shri Vikram Swarup, Vice-chairman, KBT and Chairman, The Heritage College (THC), Shri Sajjan Bhajanka, Secretary & Trustee, KBT and Dr. John Abraham, Director & Principal, THC, also shared their views and thoughts about the College and its goal with the guests including distinguished fellow trustee members, well wishers of KBT and invitees.

The Heritage College that aims to become a truly premier class institution by international standard is affiliated to University of Calcutta and offers Honours courses in Commerce, Humanities and Science including Economics.

Summit To Prepare The Minds For Business

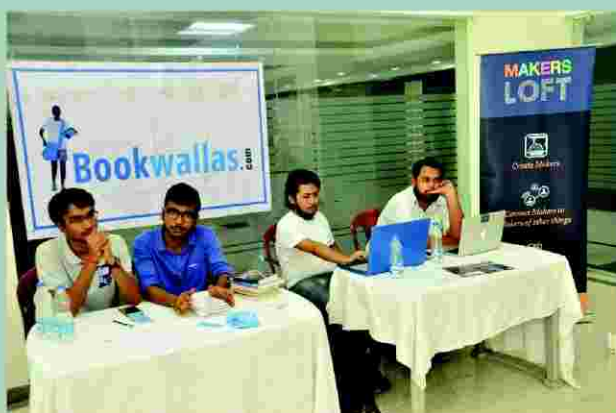

HIT Alumni are in the middle of a panel discussion in Entrespark 2016

The Entrepreneurship Development Cell of Heritage Institute of Technology, Kolkata conducted “Entrespark 2016: The Entrepreneurship Summit” on 20 and 21 April 2016. The summit, packed with engrossing seminars, workshops and programmes by established entrepreneurs and ecosystem enablers, was tailor-made for students who attended in droves not just from Heritage Institute of Technology but from other colleges in the city as well.

The entrepreneurship summit kick-started with a panel discussion with Mr. Rohit Kathotia (Regional Vice-president at Enhanced Wapp Service Pvt Ltd), Mr. Sarbajit Das (Founder and CEO, Sun-Dew Solutions Pvt. Ltd.), Mr. Anupam Baid (Director at Baid Power Services Ltd.), Mr. Bijoyaditya Mukherjee

(Founder and CEO of Kamuda Naturals) and Mr. Navin Soni (Co-founder & CEO at Codez)-five prominent entrepreneurs from Kolkata who were the alumna of Heritage Institute of Technology as speakers and presenters.

Students in the audience had an opportunity to get into the dynamics of setting a business and subsequently managing it through thick and thin. By their own admissions, the panel discussion with HIT Alumni-turned-Entrepreneurs was both an eye opener and a kind of crash course as well. About 400 students from colleges across the city of Kolkata, besides interacting with the panellists partook in a number of relevant on-stage events. There also held a day-long Internship Fair that witnessed footfall of over 500 interested candidates and reputed start-ups such as Oenergy, Pedagogue, Hulladek, Bookwallahs participating in it. Each company shortlisted about 50 people through one-on-one interview held separately.

Bookwallahs put up their stall in the seminar

Hit Workshop On Post Modern Construction Expertise

Civil Engineering Department of HIT-K organized a FDP Workshop on "Recent Trends in Civil Engineering-Practical Applications" on 26 - 27 April'2016. Coordinated by Professor Sushovan Sarkar, Departmental Coordinator, Civil Engineering, the interactive workshop presented actual case studies to Civil Engineering Students of the Institute and deliberated over the management techniques covering manufacturing processes of big ticket infrastructure projects like road and rail bridges, design that can maximally preempt the risks of failures which usually occurs in the bridges, flyovers and the segmental construction of Metro Railways. Recent trends in Environmental Engineering and Management were also discussed in details in the workshop. The speakers were mostly invited from Bridge and Roof Co(I) Ltd, Stup Consultants Pvt. Ltd. and IIST, Shibpur.

Ralph Waldo Emerson, an american poet and essayist once said, " Life is a festival only to the wise". The same held good for the students of The Heritage School, who are, in real sense of the term, powerhouse of talents and energy. And when the annual fest, branded as ' Youthopia' through creative coinage, came alive on three consecutive days from 6-8 May 2016. With more than 20 schools roped in from Kolkata, they made it a ' Big Entertainment'

showcasing a plethora of events. Youthopia was inaugurated by Ms. Tanushree Shanker, eminent danseuse and choreographer in the presence of a host of school dignitaries. All three days were chock a block with diverse activities ranging from western dance competitions, DJ nights by DJ Candace, DJ Sartek and DJ Zenith. to prize distributions distributions and guest performance by Jabra Fan singer Mr. Nakaz Azizi on the last day.

THS Toppers In ICSE & ISC 2016

Our students are our pride as they, for years together, have never stopped making the School happier and prouder with their stellar academic performances. Here are how they have done it this year. Kudos and best wishes to all of them and especially to Raghav Chandak, a braveheart cancer fighter and a student of our School who scored 95.8% in ICSE exam 2016.

Dignitaries on the dais. From L to R- Shri Probrir Roy, Dr. Kalyan Rudra, Mr. Abhijit Dasgupta and other dignitaries

Department of Chemical Engineering and Civil Engineering, HIT organized yet another TEQIP-II sponsored National Workshop on Green Technology and Environment Impact Assessment (EIA) from 26 May 2016 till 31st May 2016 in the Heritage campus. The workshop was addressed by Dr. Kalyan Rudra, Chairman, West Bengal Pollution Control Board as the Guest-in-Chief during the inaugural session along with Mr Abhijit Dasgupta, Joint MD, M N Dastur & Co. Ltd and Ms Mohua Basu, DGM, HR, Haldia Refinery Ltd as the Guest of Honour.

The workshop saw outstanding presentations for EIA by Padmashree Prof. (Dr.) G.D.Yadav, VC, Institute of Chemical Technology Mumbai and Dr. Apurba Gupta, Former Director, NEERI on latest advances of Green Technology and its far reaching multiplying impacts. The workshop also focused on utilizing waste to create bio-fuel for sustainable development in the Indian Economy. More than 100 participants including faculty members and students attended the workshop. "Such workshops are very much beneficial for our students," said Prof. B.B.Paira, Advisor, Kalyan Bharti Trust.

THS Anniversary Affairs

Seema Sapru & Smt. Meenakshi Atal

The Heritage School hosted Principal's Conclave marking its 15th Anniversary. The School, founded as the first day boarding school in West Bengal in 2001, completes its 15 years of journey into global eminence this year. As a precursor to the celebrations marking the occasion, the School organized a Principal's Conclave in the Campus on 14 June 2016 participated by the Principals of renowned schools across the city.

Post inauguration, Shri H.K.Chaudhary, Chairman, Kalyan Bharti Trust addressed the conclave with a lucid narration of the School's magnificent cruise from 2001 to 2016, highlighting its unique achievements. Dr. Achyuta Samanta, Founder and Mentor, KIIT University, Bhubaneswar and Ms. Shabnam Ramaswamy, Founder, Jagriti Public School addressed the Conclave as keynote speakers. During the Conclave, Shri H.K.Chaudhary released the latest

volume of the School's Annual Magazine, *Vrittant*, in the presence of Shri Vikram Swarup, Vice-Chairman, Kalyan Bharti Trust, Shri Vikash Agarwal, Member of the School Managing Committee and other dignitaries. The Conclave was followed by a panel discussion on "Knowledge without Integrity is dreadful"- a universal revelation by Samuel Johnson, a prominent 18th century English writer, poet and literary historian. Speakers who lifted the panel discussion to an engaging height were Shri Jayant Kripalani, author, television actor and director, Shri Vivek Kumar, IAS, Principal Secretary, Department of Higher Education, Govt. of West Bengal, Shri Shakti Sinha, IAS, and Smt. Devi Kar, Director, Modern High School for Girls. It was moderated by Dr. Kunal Sarkar, Vice-chairman and Consultant Surgeon, Medica Super Specialty Hospital, who is also an erudite debater.

Report on the reverse page

The Heritage Academy introduced this dedicated Department in the light of the media and communication sector becoming more diverse, dynamic and increasingly popular among the students and their parents for creatively challenging careers. The Department, affiliated to MAKAUT, West Bengal offers both undergraduate and postgraduate programmes which are B.Sc and M.Sc in Media Sciences respectively. Courses, enhanced with the combination of lectures, seminars, screenings, various practical activities and assessments, and one-to-one supervision, aim to prepare students for varied careers in media-related industries, and train them to critically analyze the ways in which the media reflects, represents and influences the world.

The first induction and orientation programme of Department of Media Sciences for the First Batch of B.Sc and M.Sc courses in Media Sciences that was held on 1 August 2016 saw the presence of eminent luminaries from the media industry. Smt. Rita Bhimani, CEO, Ritam Communications and highly respected PR veteran was the Chief Guest who underlined, in her speech, a few essential qualities students should imbibe to become successful professionals. Shri. Snehashish Sur, Sr. Journalist, Doordarshan Kolkata as a Guest of Honour, broached the subject of writing skill as an imperative for communication. And, Prof. Biswarup Sen, the other Guest of Honour weighed up the power of Social Media in making the instantaneous connect with the readers worldwide.

Heritage Institute of Technology organized National Conference on Renewable Energy (TEQIP-II sponsored) on 27 -28 July 2016. The objective of this conference was to trace and track the current and future development trends in the fields of energy efficiency and renewable energy technologies. The conference provided opportunities to the academicians and student community to update their knowledge in the latest technologies. It analysed the current global trends in energy supply and consumption which were yet to be sustainable - environmentally, economically and socially and at the same time, the programmes and methodologies that could secure the supply of reliable and affordable energy and effect a rapid transformation to a low-carbon, efficient

and environmentally benign system of energy supply. The inaugural ceremony of the Conference was addressed by Padma Bhushan Prof. Bikash Sinha, INSA, Emeritus Scientist & Homi Bhabha Professor, Department of Atomic Energy, Govt. of India and Former Director, Saha Institute of Nuclear Physics as the Chief Guest in the presence of Shri P.R.Agarwala, Chairman, BOG, Heritage Institute of Technology, Shri Gyanesh Chaudhary, MD and CEO, Vikram Solar Pvt. Ltd, Dr. P.C.Pant, Scientist- F and Director, MNRE, Dr. Anil Kumar, Sr. Scientist, MNRE, Dr. Pranay Chaudhuri, Principal Heritage Institute, Shri Probir Roy, Director, Kalyan Bharti Trust, Prof. B.B.Paira, Advisor, Kalyan Bharti Trust and Shri P.K.Agarwal, CEO, Kalyan Bharti Trust.

Heritage Institute Of Technology Hosts COMPASS 2016

COMPASS 2016, the Campus Orientation Programme of HIT for its new batch of B. Tech students took place on July 28, 2016 in the Heritage Campus. It was followed by **Confluence** 2016, an orientation programme for the parents of the same students on the same day. The occasion was graced by Prof. Dhrubajyoti Chattopadhyay, Vice-Chancellor, Amity University Kolkata as the Chief Guest along with Shri Gautam Banerjee, MD & CEO, Business Brio as the Guest of Honour. Both of them, like genial guides, encouraged the new comers to pursue their chosen paths in full measure while being equally focused on nurturing their intrinsic humane goodness. Professor Chattopadhyay asked the students to make the most of unique academic infrastructure of HIT under the guidance of institute's pool of outstanding

faculty. Shri Banerjee cautioned the students against hurrying for other professional courses like MBA immediately after completion of B.Tech, driven by the misconstrued notion of better placement. Shri P.R. Agarwala, Chairman, Board of Governors, Heritage Institute of Technology thanked the guests for making themselves available to inspire the aspiring new entrants. On the other hand, **Confluence** was graced by Swami Veditatanandaji, Teacher-in-charge, Ramkrishna Mission Shilpamandir as the Chief Guest. He, in his impressive address, waxed eloquent on the importance of productive partnerships between students, parents, families, institutions and the broader community in maximizing student engagement to succeed in holistic sense.

MBA Induction Programme At HBS

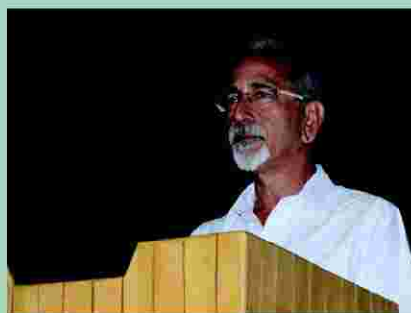

For its new 14th Batch of MBA students, Heritage Business School, keeping to its tradition, conducted a week long Induction & Orientation Programme at Vivekananda Auditorium in the Heritage Campus with an objective to set the scene and connect them with their course modules and the Institute. The Induction module sets the context to develop an understanding of engaged partnership and shared responsibility between the academics and the students right from the very beginning. HBS MBA is, in fact, a transformational experience to help shape ambitious professionals into confident business leaders. The programme, powered with purpose driven activities, is basically engineered to support their learning and maximise their opportunities to start forming their network with classmates. Students enjoyed all the inspiring aspects

of programme that led them to a crucial realization that they would achieve more by collaborating as a group rather than competing as individuals.

Shri Viresh Oberoi, MD and CEO of M-Junction Services Ltd, the Guest of Honor, in the inauguration of the programme, advised the students to aim big in their lives and move forward in strategic steps to fulfill their dreams. Chief Guest, Shri Mohit Kampani, CEO, Spencers Retail Ltd. touched upon the general economic scenario and talked about multiple opportunities being available to the students. Shri Probir Roy, Director, Kalyan Bharti Trust, Prof. K.K. Chaudhuri, Advisor, Heritage Business School and Shri Sanjay Budhia, MD, Patton Group were present and mentioned many ponderable sides of the programme in their speeches.

Heritage Law College Commenced Its Second Session

Prof. J.K.Das lights up the ceremonial lamp to inaugurate the induction programme in the presence of Prof.S. S. Chatterjee (second from the left) and other dignitaries

As the second academic year set in with the second batch, HLC organized a formal beginning on 19 August. In his well meaning inaugural speech, Prof. J.K.Das, Dean & Secretary, Department of Law, University of Calcutta and the Guest of Honor at the ceremony, elaborated on the importance of intellectual property act along with brief introduction of various latest innovations in the field of legal studies as well as various career options that the field opened up. Chief Guest, Prof. S.S.Chatterjee, Ex-VC, Coochbehar Panchanan Verma University applauded the management of KBT for creating such an outstanding institution in legal education studded with most advanced infrastructural facilities and faculty members. He motivated the students of HLC, who were presently over 200 (and that too only in a span of 13 months) to make the most of such vibrant ambience in their pursuit of future footings.

A section of the second batch students in the audience

“

In passing century there are a few defining moments of which it can truly be said: 'Here history is made' or 'Here mankind's passage through the ages took a new direction or turned towards a new horizon'. ...of equal importance in the history of our fading century was yet another moment, this one just seconds after the midnight of 14-15 August 1947 when the Union Jack, emblazoned with the stars of India, began its final journey down the flagstaff of Viceroy's house, New Delhi.....A new world was coming into being that night, the world that will go with us across the threshold of the next millennium, a world of awakening continents and peoples, o new and often conflicting dreams and aspirations.

We Wish You A Well - Earned 'Retirement'

No rush hours, no more meetings, no more class lectures and no more conferences. All there's left to do now is to unfurl all the happiness that life has in store. Heartfelt best wishes for great going years ahead. Morning coffees will finally be what they are meant to be – relaxed and de-stressing. Happy retirement.

460 SEATS IN 2016-17 SESSION

Heritage college starts journey

OUR BUREAU

The Heritage group of institutions started a self-financed general degree college on Wednesday.

The Heritage College on Chowbaga Road in Anandapur will take the number of self-financed colleges affiliated to Calcutta University to four.

The college, inaugurated by higher education minister Partha Chatterjee on Wednesday, will offer honours courses in English, physics, chemistry, math, economics and commerce from this academic session. Classes are expected to start from the end of this month.

The new college shares its campus with other Heritage group institutions on Chowbaga Road.

A higher education department official said the college would address the growing demand for undergraduate seats in top city colleges.

"The new college is expected to have infrastructure and faculty of the highest standard," the official said. "The college will provide many good students with the opportunity to pursue general degree courses."

The Heritage College now has 460 seats – 200 in commerce, 60 in English and 50 each in physics, chemistry, math and economics. A BSc in electronics is on the anvil.

Higher education minister Partha Chatterjee inaugurates The Heritage College on Wednesday. Picture by Sudeepa Banerjee

H.K. Chaudhary, chairman of the Kalyan Bharti Trust that runs the Heritage group, said schools had mushroomed in Calcutta over the past couple of decades but the number of colleges had remained stagnant.

"The engineering market is down. Everyone doesn't have the means to afford technical education. In comparison, students with general degrees are getting absorbed by companies after in-house training," Chaudhary said.

Vikram Swarup, chairman of The Heritage College, said almost 20 per cent of Plus II pass-outs migrated to other cities for higher education. "We want to stem the flow."

Calcutta University rules prevented self-financed colleges offering undergraduate courses in science, arts and commerce from affiliating to the university till 2008.

Till then, only self-financed colleges offering undergraduate courses in subjects like molecular biology, genetics, business administration, computer application, journalism and media production, computer science and microbiology could be affiliated to the university.

Sree Agrasini College and Taradevi Harakhchand Kankaria College were the only two self-financed colleges affiliated to Calcutta University till 2011.

After the change of government in 2011, the university received two proposals for opening self-financed colleges that would offer traditional courses, a CU official said.

The LJD College in Faiz is the other self-financed general degree college to start operating from this academic session.

COMPASS and CONFLUENCE 2016 at Heritage Institute of Technology Kolkata

The Heritage College inaugurated

Kalyan Bharti Trust added a new feather to its cap by inaugurating its latest initiative – The Heritage College. The College was inaugurated on August 3, by minister of Education and Parliamentary Affairs, Government of West Bengal, Partha Chatterjee as the chief guest during the inaugural programme in the presence of Prof (Dr). Ashutosh Ghosh, Vice-Chancellor, University of Calcutta, H.K. Chaudhary, chairman, KBT, Vikram Swarup, chairman, The Heritage College, Sajjan Bhajanka, secretary, KBT, Probir Roy, director, Heritage Business School, John Abraham, director, The Heritage College and Pradip Agarwal, CEO, KBT.

Partha Chatterjee said that Heritage Group of Institutions is committed to provide good quality education in the areas of school, engineering, management, law and general degree courses. "The Government of West Bengal will continuously encourage such initiatives from the industries and others to facilitate higher education in the state. Therefore, the students are not

infused with the education they get in it," said the minister. During the last, many students are out of West Bengal to get education. To remove exodus, KBT had

Private sector must help spread education: CU V-C

AGE CORRESPONDENT KOLKATA, AUG. 3

State education minister Partha Chatterjee on Wednesday inaugurated the first general degree college of the Heritage group of institutions.

The Heritage College, known for engineering and management courses, will now offer BA, BSc, B.Com degrees in English,

physics, chemistry, mathematics, economics, accounting, financing, computer applications and e-business.

The certification will be provided by Calcutta University.

Mr Chatterjee congratulated the new students who have already taken admission to the Heritage College. Around 140 students have enrolled for the

present batch. The vice-chancellor of Calcutta University, Asutosh Ghosh, welcomed the move and said, "The government is trying to expand the scope of education but it cannot do it alone. Private sector has to come forward and help."

Vikram Swarup, the president of Heritage Academy, said, "Every year around 20 per cent undergraduate students migrate to other states for education. To prevent this, we are introducing similar opportunities in this state in affordable price with the opening of Heritage College."

H.K. Chaudhary, the chairman of Kalyan Bharti Trust, said, "We are also hoping to establish institutes on fashion technology and design, a medical and paramedical college and a B.Ed college in near future."

Instructors and student attendees of the "MINDSPARK" workshop

July 2016 ○

IEEE Electron Devices Society Newsletter 25

An EDS-ETC program named 'MINDSPARK' was organized at The Heritage School, Kolkata, India, March 10, 2016, with participation of the IEEE EDS Heritage Institute of Technology Student Branch Chapter and IEEE EDS Kolkata Chapter. The workshop had 26 children from standard VI, actively working hand-in-hand with 13 student volunteers from IEEE EDS HIT SBC.

PHOTOBITION @THA

To Sir with a special Salute for demolishing Diabetes

Emeritus Professor Dr. Subhabrata Sengupta, who has recently retired from the Department of Bio technology of Heritage Institute of technology, has many feathers in his hat as an academican, scientist, educationist and researcher. One of the most prominent among them is his path breaking research in Diabetes, the silent killer that according to many surveys, spreads at pandemic rate triggering global alarm. India has more concerns in store as one-in-every five Indians is reported to be diabetic. Dr. Sengupta with an incredible track record of 114 research papers and 17 patents from India and USA, delved into the research of finding a truly effective natural medicinal remedy of Diabetes Mellitus type 2 without any side effect in 1991. His command of ancient Indian Ayurveda led him to choose Guduchi, popularly known as Gulancha whose botanic nomenclature is *Tinospora Cordifolia*. He, for the first time, underlined the presence of highly anti oxidant free radicals called Saponarin in the herb besides huge amount of digestion friendly amylase enzyme. Saponarin that is not found in any diabetes drug available in the market till now prevents the amylase-action and simultaneously reduces glucose generation in the body to beat Diabetes type 2. The landmark research hailed by the researchers across the world as “epoch making” has opened many avenues in the research of medical solutions for diabetes and obesity. He, though not sure of the drug’s efficacy in the treatment of Diabetes type 1, empathically retorted that it would bring down high blood pressure to normalcy and halt lipase to arrest excess fat accumulation. Nevertheless, the scientist aired cautions about the dosage and administration of the drug with this herbal compound. He is now waiting for the patent for his innovation that is going to transform billions of lives across the world.

Salute to our very own Sir.
